Discussion: None

Roll call: Councilors Armstrong, Kelly, Dowdle, O’Connell, Kasper, Kretser

(All voted in the affirmative)

ACTION TAKEN: Adopted

Follow up Action: None

9. RESOLUTIONS FOR INITIAL CONSIDERATION:

- 1. Request from Tara Powers of the Northeastern Epilepsy Foundation to hold a 5k Run/Walk on US Oval on November 27, 2016 from 1pm to 3pm to benefit the Epilepsy Foundation of Northeastern New York. **(Move to agenda under “Other Items” Letter F)**

10. NEW BUSINESS:

Councilor Kasper asked Department Heads from Library, Assessor, Engineer and Finance to attend next week budget session and not just do a line by line analysis but invite those department heads to think about the future creatively. And after that we will take a look at the larger departments and how we are going to schedule those.

Councilor Armstrong asked if they will be approaching the capital project separately from the engineering department.

Councilor Kasper right I think last year we looked at it toward the end as a whole and I think that is a good place to look at it. Just in case someone doesn’t know.. the Cubs won the World Series.

Mayor Calnon proclaimed Small Business Saturday in the City of Plattsburgh and read the proclamation below:

Whereas, the government of the City of Plattsburgh, New York celebrates our local small businesses and the contributions they make to our local economy and community; according to the United States Small Business Administration, there are currently 27.9 million small businesses in the United States, they represent 99.7 percent of American employer firms, create more than two-thirds of the net new jobs, and generate 46 percent of private gross domestic product, as well as 54 percent of all US sales; and

Whereas, small businesses employ over 55 percent of the working population in the United States; and

Whereas, 89 percent of consumers in the United States agree that small businesses contribute positively to the local community by supplying jobs and generating tax revenue; and

Whereas, 87 percent of consumers in the United States agree that small businesses are critical to the overall economic health of the United States; and

Whereas, 93 percent of consumers in the United States agree that it is important for people to support the small businesses that they value in their community; and

Whereas, the City of Plattsburgh, New York supports our local businesses that create jobs, boost our local economy and preserve our neighborhoods; and

Whereas, advocacy groups as well as public and private organizations across the country have endorsed the Saturday after Thanksgiving as Small Business Saturday.

Now, Therefore, I, James E Calnon, Mayor of the City of Plattsburgh, New York do hereby proclaim, November 26, 2016, as:

SMALL BUSINESS SATURDAY

And urge the residents of our community, and communities across the country, to support small businesses and merchants on Small Business Saturday and throughout the year.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the city of Plattsburgh to be affixed.

Recreation Superintendent Steve Peters gave presentation on a regional recreation complex entitled “Using Quality-of-Life to Drive Regional Growth: Defining the need for an entity to manage public recreation facilities in the City of Plattsburgh and beyond”

[Discussion/questions ensued with Mayor, Council and Steve Peters]

Councilor Armstrong read and submitted into minutes of the meeting a letter from Gerald Eagan, Lake Country Village resident and signed petitions titled “Whereas the Lake Country Village of Plattsburgh and its surrounding area was all part of the former Plattsburgh Air Force Base; and whereas the water delivery system is antiquated, causing failures that have increasingly resulted in outages and loss of water to those who reside in this area of the city; and whereas state and federal grant monies as well as bonds are funding sources available for the City to undertake the project; therefore, we the residents of this afflicted area of the City do hereby request and petition the City of Plattsburgh Common Council, served by its relevant departments, to obtain the funds necessary to replace the failing water delivery system to all of the city streets and cul-de-sacs in this area-part of the former Air Force Base-according to a Capital Plan developed and approved by the end of year, 2016.” Councilor Armstrong also acknowledged actions already taken and feels residents need some kind of formal response that we are working on this issue. She didn’t see anything in capital plan in 2017, 2018 and 2019.

Mayor Calnon the reason it is not in capital plan is because figures were not available. The administration shares their concerns and it is a priority.

Councilor Kretser reminded everyone of upcoming DRI public events (2 movie nights and a community workshop).

11. CLOSING PUBLIC COMMENTS: None

Motion to Adjourn by Councilor Armstrong; Seconded by Councilor Kasper
Roll call Councilors Armstrong, Kelly, Dowdle, O’Connell, Kasper, Kretser
(All voted in the affirmative)

MEETING ADJOURNED: 6:08pm

November 2, 2016

TO:
Mayor of the City of Plattsburgh
& Plattsburgh City Council
41 City Hall Place
Plattsburgh, NY 12901

The city of Plattsburgh residents listed in the enclosed petitions would like to thank the City for their great efforts in fixing the water problems that have plagued the south side of the city of Plattsburgh for a number of years.

These residents are also dissatisfied with the level of public city water service that has been taking place in the last several years. As more and more homes have been built in this area of the city more and more stress has been placed on the antiquated water distribution system.

It is therefore being requested by these residents in the enclosed petitions, that you, our city officials, work diligently and quickly to replace the entire water distribution system in the south side of the city of Plattsburgh bounded between Iowa and Kansas streets, New York Road and Route 9 on the east.

This constant incontinence has gone on long enough and needs to be remedied as quickly as possible.

So the residents wish to encourage you all to secure the necessary funding to get this project completed.

Sincerely,

Gerald Eagan, city of Plattsburgh resident

NOV - 2 2016

Cc: Rachelle Armstrong, city council person

PETITION TO THE CITY OF PLATTSBURGH

Date Oct. 10, 2016

Whereas the Lake Country Village of Plattsburgh and its surrounding area was all part of the former Plattsburgh Air Force Base; and whereas the water delivery system is antiquated, causing failures that have increasingly resulted in outages and loss of water to those who reside in this area of the city; and whereas state and federal grant monies as well as bonds and funding are funding sources available for the City to undertake the project; therefore, we the residents of this afflicted area of the City do hereby request and petition the City of Plattsburgh Common Council, served by its relevant departments, to obtain the funds necessary to replace the failing water delivery system to all of the city streets and cul-de-sacs in this area—part of the former Air Force Base— according to a Capital Plan developed and approved by the end of year, 2016.
